## CAREER OBJECTIVE

---

As a motivated third-year Computer Science student, I am looking for opportunities to enhance my skills in data analysis and web development. I aim to gain practical experience through internships or projects and contribute effectively to real-world solutions while continuing to learn and grow in a professional environment.

## EDUCATION

---

### Central University Of Jammu

*Bachelor of Technology in Computer Science*

Jammu and Kashmir

2022 – 2026

## EXPERIENCE

---

### Intern, DRDO Central University Of Jammu

*Jammu, India*

June 2024 – July 2024

Worked on a project to detect car accidents on roads using CNN (Convolutional Neural Networks). Collected and used image/video data to train the model for accident detection.

### Member, Code Connect CUJ

*Jammu, India*

May 2024 – Present

Gained practical experience through coding workshops and collaborative programming projects.

## PROJECTS

---

### Chat Bot For PostOffice (Ongoing)

Currently developing an intelligent chatbot for Post Office services using Flask, HTML, CSS, and JavaScript. Aiming to simplify access to postal information through an interactive and user-friendly interface.

### Amazon Clone

Developed an e-commerce website similar to Amazon using HTML and CSS to showcase responsive design skills.

## CERTIFICATIONS

---

- Data Science and Machine Learning With Python (2023)
- Introduction to Big Data (2025)

## TECHNICAL SKILLS

---

- **Skills:** Problem Solving, Debugging
- **Languages:** Python, HTML, CSS
- **Tools/Technologies:** Visual Studio Code
